ANGLO-INDIAN 1880S TEAK AND BRASS TRUNK WITH MULTIPLE STORAGE COMPARTMENTS

\$4,500

An Anglo-Indian teak trunk from the late 19th century, with multiple storage compartments and brass accents. Born in the later years of the 19th century, this exquisite teak wood trunk features a linear silhouette, beautifully accented with brass details. Two latches allow the lid to open to reveal a beautifully abundance of storage compartments, delicately carved with rosettes, scrolls and pierced motifs. The central compartment can be removed to give access to a larger space below. Presenting lateral brass handles allowing the piece to be moved more easily and raised on elongated bracket feet, this Anglo-Indian teak trunk circa 1880 will be a wonderful decorative choice for any bedroom or living room.
