An Irish gilt and ebonized oval wall mirror from the 19th century with petite glass spheres and X-Form motifs. Immerse yourself in the elegance and charm of the 19th century with this Irish gilt and ebonized oval wall mirror. This exquisite piece, adorned with petite glass spheres and X-Form motifs, seamlessly combines the grandeur of gold with the depth of ebonized elements, creating a striking visual balance. The mirror's oval frame is a graceful canvas for the alternating sections of gold and black. The gilt sections exude a radiant warmth and opulence, typical of the era's affinity for lavish decoration. In contrast, the ebonized sections offer a rich, dark backdrop that accentuates the delicate placement of two rows of petite glass spheres, each row meticulously arranged on the ebonized sections. These spheres add a unique textural element and a rhythmic pattern to the frame's design.
