CONTINENTAL NEOCLASSICAL STYLE WALNUT 19TH CENTURY SETTEE WITH CARVED SPLATS

\$13,800

A continental Neoclassical style walnut four seater settee from the 19th century, with carved splats, upholstered seat, tapered legs and H-Form cross stretcher. Created in Continental Europe during the 19th century, this Neoclassical style walnut settee features an open back with exquisitely carved splats, flowing seamlessly into the tall arms of identical style. The long, rectangular seat, is covered with a new linen fabric, whose neutral tones compliments the walnut's warmth beautifully. The ensemble is raised on ten legs, seven of which are tapered and carved on the knees. They are connected to one another through an H-Form cross stretcher running along the entire width. With its exquisite Classical lines and walnut patina, this Continental settee from the 19th century will make for a wonderful addition to any home, particularly placed in a living room.
