ENGLISH 1900S CARVED WOODEN FRAGMENT TABLE LAMP DEPICTING A FRUIT ARRANGEMENT

\$2,450

An English carved wooden fragment table lamp from the early 20th century, depicting a vessel overflowing with fruits and mounted on lucite base. Created in England during the first decade of the 20th century, this sculpture charms us with its mouth-watering depiction of an abundant arrangement of fruits overflowing from a vase adorned with gadroon motifs. Boasting a natural patina and mounted on a circular lucite base, this 1900s English table lamp will make for a great decorative addition to any home, whether placed atop a side table, buffet or commode. Wired for the US, the lamp showcases a 6.5"W base.
