ENGLISH 1920S BAMBOO MAGAZINE RACK WITH PETITE FINIALS AND ROOT EXTREMITIES

\$1,125

An English bamboo magazine rack from the early 20th century, with root feet, wavy motifs and petite finials. Created in England during the first quarter of the 20th century, this elegant magazine rack features a bamboo structure boasting a warm honey patina. Showcasing brown-toned wavy patterns and topped with six petite spherical finials, the rack is raised on four feet. The front ones, slightly curving to the front, present bamboo root extremities while the hind ones have a grander simplicity. With its intricate lines, bamboo material and rustic presence, this English magazine rack circa 1920 will bring a touch of exotic authenticity to any home, whether placed in a living room, in a sunroom or under a covered patio.
