ENGLISH 19TH CENTURY 1920S WALNUT BENCH WITH TURNED LEGS AND UPHOLSTERY

\$4,500

An English walnut bench from circa 1920 with six turned baluster legs, cross stretcher of similar style and new custom linen upholstery. This quintessentially English walnut bench from circa 1920 exudes timeless charm and sturdy elegance. The piece features an exquisite display of six finely turned baluster legs, offering robust support and artistic appeal. These legs, along with a handsomely executed cross stretcher, are beautifully unified by a similar style and a rich, dark finish that highlights the grain of the walnut wood. Newly reupholstered in a bespoke linen, the bench presents a harmonious blend of old-world finesse and contemporary comfort. The generous seating area and the resilient frame make this bench a practical addition to any home, ideal for an entryway, at the foot of a grand bed, or as an accent piece in a living or dining room. The bench's classical design invites a variety of home decors, from the traditionally rich to the modernly minimalistic. It serves as a testament to the enduring beauty of English furniture craftsmanship, offering both a functional seat and a conversation piece with a storied past.
