## ENGLISH MIDCENTURY WALNUT FAUX BAMBOO DESK WITH FOUR DRAWERS AND WARM PATINA

**\$5,500**

An English faux bamboo walnut desk from the mid 20th century with four drawers and warm patina. Created in England during the Midcentury period, this walnut faux bamboo desk features a rectangular top sitting above an elegant façade. A long and narrow drawer occupies the left side and sits above the knee hole accented with pierced spandrels. On the right, three additional drawers (a small one followed by two larger ones) complete the ensemble. Raised on four turned faux bamboo legs, the desk is flanked with a solid panel to the right, accented with geometric motifs, and a simple stretcher to the left with spandrels echoed from the front. With its clean lines, elaborate décor and warm patina, this vintage English faux bamboo walnut desk from the midcentury period will bring an exotic touch of elegance to any home, placed in a study or living room particularly in a mountain cabin or country home.

Height: 29.5 in. (74.93 cm)

Width: 43.25 in. (109.86 cm)

Depth: 24.25 in. (61.6 cm)
