## ENGLISH REGENCY PERIOD 1820S GOLDEN TONED WALL CLOCK WITH CHINOISERIE DÉCOR

**\$8,700**

An English painted wood wall clock from the early 19th century, with chinoiserie motifs. Created in England at the end of the Regency period, this wall clock captures our attention with its golden tones and chinoiserie décor. The clock is topped with a square head protecting the circular face with Roman numerals. The single door, showcasing a Chinese lady standing in front of a fence with a tall tree on the its right, opens to reveal the pendulum. The curving part in the lower section, adorned with flowers and a butterfly, completes the ensemble beautifully.
