## ENGLISH RUSTIC 20TH CENTURY CREAM PAINTED TABLE WITH BROWN TOP AND THREE DRAWERS

**\$3,750**

An English console or sofa table from the 20th century, with brown top, cream painted base, three drawers and great rustic character. Created in England during the 20th century, this table features a nicely distressed rectangular brown wood planked top with rounded corners in the front, sitting above a cream painted base. The apron showcases three drawers, a small one in the center flanked by two larger ones on the sides, all presenting wooden pulls. They are painted in black on the inside. Boasting a great distressed appearance complimenting its simple lines beautifully, the table is raised on four straight, slightly tapering legs with peg construction, connected to one another through plain stretchers on the sides. With its nice proportions, complimenting colors and nicely weathered patina, this rustic English console or sofa table from the 20th century will make for a wonderful addition to any home, particularly placed in a mountain cabin.
