## ENGLISH VINTAGE BRASS AND MAHOGANY THREE-TIERED TROLLEY RAISED ON CASTERS

**\$3,995**

An English brass and mahogany three-tiered trolley from the mid-20th century. This English Mid-Century trolley features a tubular brass armature topped with round finial, securing three mahogany shelves. Raised on four brass casters, this piece can be moved easily to transport drinks, appetizers or magazines. The warm hue of the mahogany finish discreetly contrasts with the subtle gold tone of the brass. Perfect to be placed in any living room, or perhaps bathroom with towels neatly folded, this English trolley circa 1950 will bring a subtle elegance to your decor.
