## PAIR OF ITALIAN 19TH CENTURY SOLOMONIC COLUMN FRAGMENTS MADE INTO TABLE LAMPS

**\$2,450**

A pair of Italian twisted Solomonik column wooden fragments from the 19th century made into table lamps and mounted on round lucite bases, professionally rewired for the US. Created in Italy during the 19th century, each of this pair of wooden fragments features a turned Solomonik column style twisted body boasting a brown patina. Professionally rewired for the US and ready to be plugged, the fragments have been made into table lamps and have been mounted on circular lucite bases whose translucent quality complements the lamps' color beautifully. They measure a total height of 25.5" to the top of their sockets. Boasting a nicely worn patina letting the wood grain come discreetly through, this pair of turned wood Italian Solomonik style twisted 19th century fragments made into table lamps will bring a stylish presence to any home, perhaps displayed on the top of a credenza, a pair of demilune tables or a commode, in a living room or bedroom.

Height: 25.5 in. (64.77 cm)

Diameter: 6 in. (15.24 cm)

SKU: A 4019
