## SET OF FOUR CAST BRONZE SCULPTURES DEPICTING A FAMILY OF DUCKS WITH PATINA

**\$2,995**

A set of four French bronze duck sculptures from the mid 20th century, depicting two adults and two babies. Created in France during the midcentury period, this sculpted group charms us with its lovely depiction of a family of ducks made of the two parents flanked by their two little ones. Very lively and showcasing great details in their plumage, the group boasts a nicely weathered patina. A wonderful addition to any garden!
